& Military Industries Exhibition**

**WWW.IQDEX.IQ**

United Company for International Fairs and Conferences

Organizing the Iraqi Security, Defense and Military Industries Exhibition

Has the honor to invite you to participate in The Twelfth Session of the exhibition under the slogan

**With our unity, we won ... To build we went**

Under the patronage of the Prime Minister, Commander-in-Chief of the Armed Forces

From 20 to 23 April 2024 in Baghdad International Fair

**Materials, equipment, supplies and weapons to be presented in the twelfth session:**

All types of light, medium and heavy weapons, tanks, tracked and wheeled vehicles, armored and unarmored combat vehicles, and all types of ground support weapons with the use of all technical equipment for locating and silencing enemy weapons, attention to air defense weapons and equipment, radars, jamming devices and field communications devices, as well as paying attention to the military engineering effort in the use of bridging equipment and unexploded bomb handling.

Emphasis on air power, aircraft maintenance, and securing all devices that facilitate the work of the air force.

As well as paying attention to the naval forces and equipping them with boats and ships to protect the territorial waters.

Securing the best combat and non-combat helicopters to enhance the capabilities of the army in all fields, whether combat or transport for military and medical purposes.

The exhibition will also be interested in displaying all the technical devices, equipment and advanced weapons that are at the core of the work of the Ministry of Interior, focusing on criminal investigations, information communications, academic sciences, civil defense, intelligence, federal investigations, border guards, border crossings, and what the traffic police need.

The exhibition will also focus on the needs of the National Security Service in terms of surveillance, listening, jamming, tracking devices, computer networks, positioning, geographic information system, biological detection devices, explosives detectors, audio and video recording devices, and encryption of mobile phone calls.

**Iraqi Military Industrialization Corporation**

It is a corporation interested in the manufacture, development, maintenance and marketing of weapons and equipment to the beneficiary security authorities, and it works by assigning an important group of factories specialized in military production.
